

# Mistaniyak

I keep waiting  
Your space is empty still  
In sunrise and sunset and in between

No thought of you for days on end  
I lose faith, I keep busy  
Avoid the thought of you  
When suddenly, it comes back  
The longing

Un signe de toi serais  
L'apparition d'une ombre insaisissable  
Obscure et mystérieuse sans doute irréel  
Un signe de toi serais  
Consécration d'un monde imaginnaire  
Illusoire ou truqué

I keep waiting  
It is all I am  
Your space is empty still, do you care  
I keep waiting  
For your precious words  
Absent from the paper
